Here at Visions + Pathways, we are extremely thankful for the Outreach Program at Chatham Community Playhouse! Our youth had no idea what to expect and were so surprised when real, live actors walked out on stage. As you may already know, many of our youth have never had the opportunity to experience live theatre before, so this was a very special treat for those that attended.

For the past week, these same youth have asked to go back, or for the opportunity to visit other local theaters. I believe this experience truly sparked something inside them.

Thank you for all you do,
Visions + Pathways
Arts + Recreation Department
